# AD-20R & AD-24V - ATV Displays

**AD-20R - Rotating ATV Display**

**AD-24V - Vertical ATV Display**

- Raise your ATV 20 feet in the air.
- Rotate 2 ¼ revolutions per minute.
- Lifts any All-Terrain or Recreational Vehicle weighing up to 1000 lbs.
- Completely Portable. Set up takes less than 30 minutes.
- The only power requirements are a 20 amp / 120V outlet.
- Raise your ATV 24 feet in the air.
- Sit vertically at a 70 degree angle.

## “Rise Above Your Competition”

**Auto Motion Displays, Inc.** is a new and exciting company utilizing proven technologies most often found in the Amusement Park Industry. By adding a different twist to this technology, we created a new market within the business of Advertising & Promotion.

Our Portable Elevating Vehicle Carousels (AD-20R or AD-24V) are designed to provide Dealerships with a professional, yet attention-grabbing product that fills the void of how to attract new qualified buyers.
